

# Security Bank Online Banking New Look & Feel

Security Bank will be enhancing our Online Banking service beginning Saturday, October 25th, 2008. To help you understand some of the changes, we've outlined some of the key ones.

Please note: The color schemes of the examples below do not match Security Bank's colors and are only meant for demonstration purposes. Also, some of the tabs' names may be slightly different from Security Bank's tabs names.

## Navigation Restructuring

**Accounts Listing Page**—Accounts on the Accounts Listing Page are now grouped by type of account (Deposit Products, Loan Products, Additional Products) with separate overall balance totals for each product type.

The screenshot shows the Accounts Listing Page with a navigation bar at the top containing tabs: NetTeller, PowerPay, Cash Manager, E-Statements, and Settings. Below this is a sub-navigation bar with My Accounts, Order Checks, View Rates, and Open Account. The main content area starts with a welcome message for Joe Customer. It is divided into three sections:

- Deposit Products:** A table with columns for Account Name, Balance, Status, and Quick Link Options. It lists My Checking (\$345.96), My Savings (\$2,908.33), and Vacation Fund (\$6,988.12). A total available deposit account balance of \$10,242.41 is shown below.
- Loan Products:** A table with columns for Account Name, Balance, Status, and Quick Link Options. It lists Home Mortgage (\$142,389.63) and Car Loan (\$11,559.25). A total loan account balance of \$153,948.88 is shown below.
- Additional Products:** A table with columns for Account Name, Balance, Status, and Quick Link Options. It lists ATM/Debit Card (N/A) and Safe Deposit Box (N/A).

**Account pseudo names** on the Account listing page will now take you to the Current Transactions page for the selected account. Account information has been moved to the account drop-down menu.

The diagram illustrates the navigation flow. On the left, the 'Deposit Products' table is shown with 'My Checking' highlighted in a yellow box. An arrow points from this selection to the 'Current Transactions' page on the right. The 'Current Transactions' page displays a table with columns for Date, Ref/Check No., Description, Debit, Credit, and Balance. The transactions listed are:

Date	Ref/Check No.	Description	Debit	Credit	Balance
06/02/2007	231546464	Kohl's - Debit Card Trans	\$236.96		\$4,407.63
06/02/2007		Shell Gasoline - Lenexa	\$25.15		\$4,644.59
05/30/2007	5689497	Payroll - ACI		\$2,165.36	\$4,669.74
05/30/2007	5656	Check 5656	\$125.00		\$2,504.38

The **menus** have been reformatted for ease of navigation and color changes make it easier for you to see where you are within Online Banking!

The screenshot shows the navigation menu with the following structure:

- NetTeller (selected)
- PowerPay
- Cash Manager
- E-Statements
- Settings

Below these are sub-tabs: My Accounts, Order Checks, View Rates, and Open Account.

Go to the next page, there's more!

The **Transactions Page** has been re-designed to be more user friendly and now has improved transaction search capabilities to include “quick links” for easily reviewing transaction history over the last 7 days, 15 days, 30 days and since the last statement.

Totals (this page): Transactions: 6    Debits: \$1,511.95    Credits: \$2,165.36

For **Cash Management users**, a new primary menu item has been created to include ACH, Wires, ARP, Users, etc.

NetTeller	PowerPay	<b>Cash Manager</b>	E-Statements	Settings
<b>ACH</b>	Wires	ARP/Positive Pay	Users	Reporting
▶▶ Batch List	Upload	Tax Payments	File Format	History
				Search

For **Bill Pay**, the options **Pay a Company** or **Pay an Individual** were added so you aren't forced to search the database for every new payee.

NetTeller	<b>PowerPay</b>	Cash Manager	E-Statements	Settings
Payment Center	New Payment	Current Payees	<b>Create New Payee</b>	
▶▶ Pay A Company	Pay an Individual			

**Security Statistics** are now more prominently displayed to allow you to easily see the date and time of your last login, last login failure and a total count of sessions logged in.
