MEMBER FDIC

TABLE OF CONTENTS

With just a tap of your smartphone or smart device, you can use your Security Bank of Kansas City Debit Mastercard® to make secure, contactless payments at millions of locations that accept mobile payments.

Adding your card to a digital wallet is quick and simple through our SBKC Mobile app—and this step-by-step guide will walk you through the process.

Before you begin, download a compatible digital wallet app to your device. Security Bank of Kansas City cards can be added to:

<u>APPLE WALLET</u>	<u>3</u>
<u>GOOGLE WALLET</u>	<u>6</u>
<u>SAMSUNG WALLET</u>	<u>9</u>

Once you've chosen your preferred app, scroll to the section of this guide that matches your digital wallet and follow the instructions to get set up.

Agree

7. Select “Use as Default Card” to make your SBKC card the primary card to be used within Apple Pay.

Set as Default Card in Wallet

Use as Default Card

Not Now

Could Not Add Card

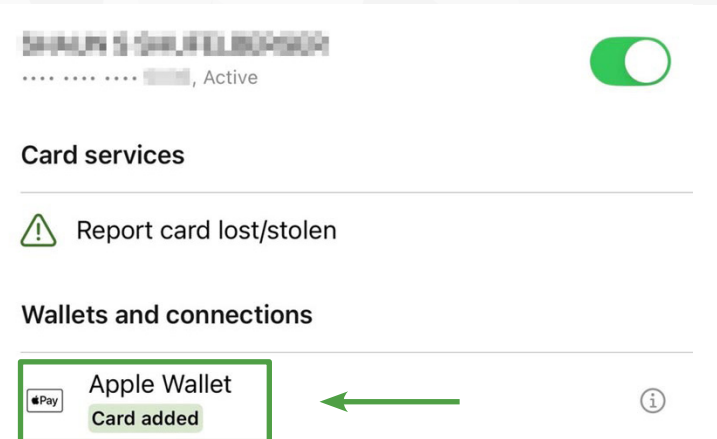

There was a problem adding your card to Wallet. You can try again later or if the problem persists, contact your card issuer.

Set Up Later

Note: You may receive the “Could Not Add Card” error. If this occurs, please retry adding the card again immediately.

If you add multiple cards, choose your default carefully. For example, HSA debit cards are intended for qualified medical expenses, and non-qualified purchases may have tax implications.

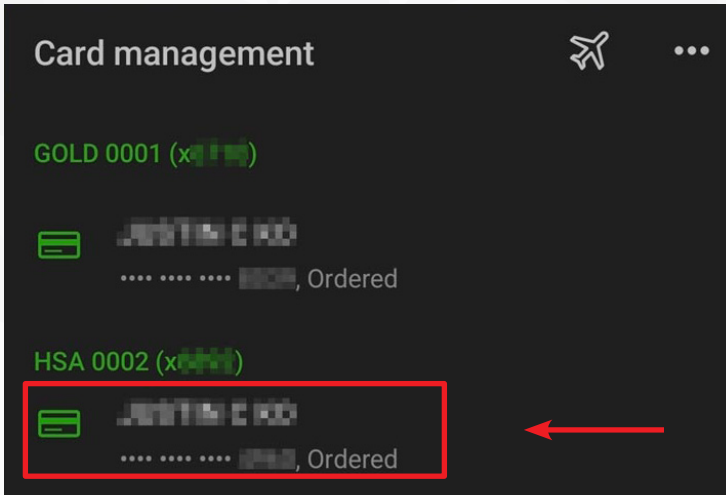

8. You will now see “Card added” under the Apple Wallet.

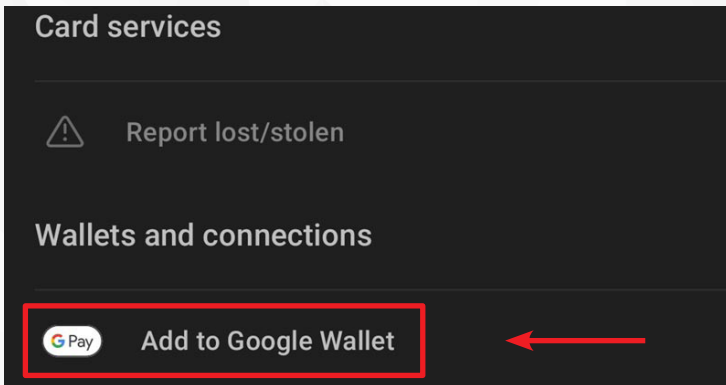

GOOGLE WALLET

ADDING YOUR CARD TO THE GOOGLE WALLET DIGITAL WALLET APP

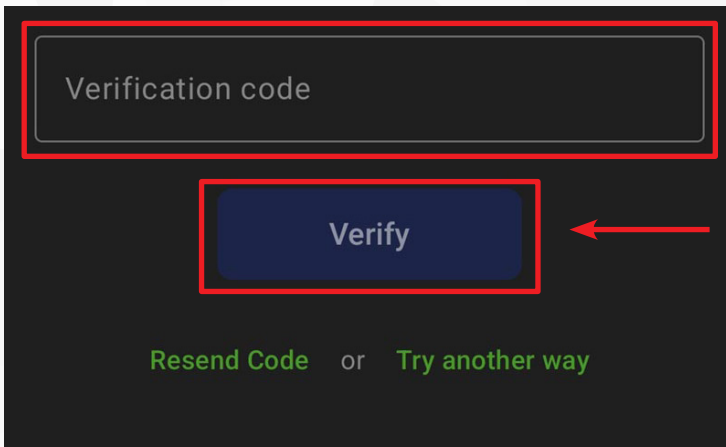

1. Within the SBKC Mobile App, locate the tile labeled “Card management” and select the debit card you want to add to your Google Wallet.

2. Select “Add to Google Wallet”.

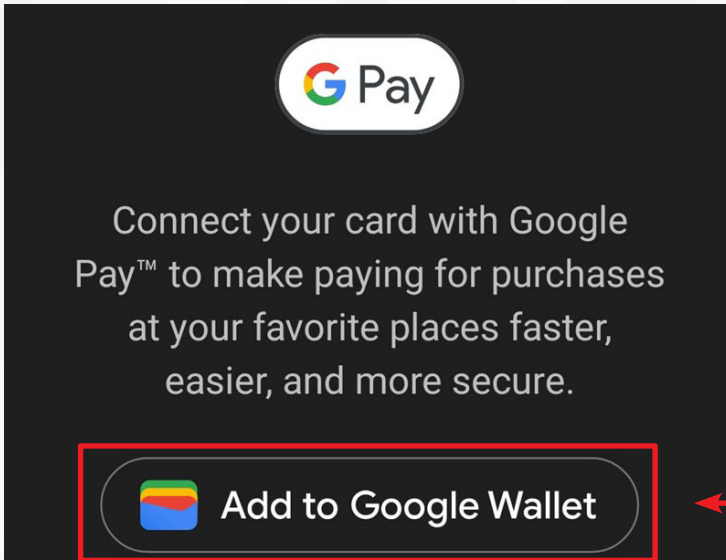

3. Input verification code sent via text message.

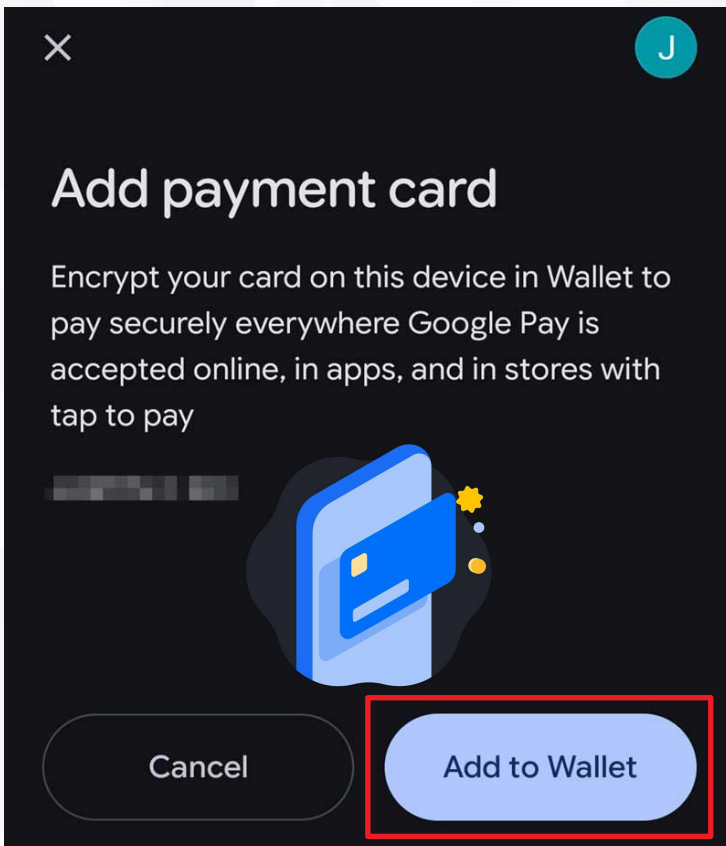

GOOGLE WALLET
